ETHICAL DILEMMAS

- Context – research
- Procedural ethics
 - Ethical committees
- Ethics in practice
 - Understanding the other
 - Reporting findings

Ethics?

- Socrates, Plato, Aristotle – Ethics concerned with the notion, act of having virtue (Greek aretē) of character (ethos).
- Ethical principles that govern a person's behaviour or the conduct of an activity:
 - integrity, honesty, confidentiality, impartiality, voluntary participation, and the avoidance of harm.
- Professional (sociology, criminology etc.) associations provide guidelines on ethical behaviour expected of members of these professions.
